Ursuit Seahorse SAR

The non-insulated SAR is designed for rigorous professional use. It has been developed for the defence forces, border guards, sea rescue associations, and merchant vessels in several European countries.

URSUIT SEAHORSE SAR

TMHK

SUPERIOR BENEFITS

- Gore-Tex® breathable fabric with ePTFE membrane
- Seam construction: double seams for extra secure water tightness and durability
- Diagonal dry zipper: opens from the right hip up to the left shoulder. The position of the zipper as well as its opening direction minimise the disadvantages of a heavy zipper when sitting and moving around
- Telescopic waist: integrated suspenders keep the trousers up at the same time as the crotch strap keeps the top down
- The telescopic design allows good flexibility of fit for different height ranges

KEY FEATURES

- Wrist seals: super stretch neoprene, easy to don and doff
- High fleece lined collar, splash hood stowed in collar pocket with touch and close fastener
- Fluorescent yellow hood, that has shaped visor, tightening cords, mesh lining and reflectores. In addition a separate 3mm neoprene hood, which protects against cold water.
- 2 large thigh pockets with flaps and touch and close fastening
- sleeve pocket with integrated 3mm 5-finger-neoprene gloves
- Knee and seat reinforcement made of Cordura® material
- A standard Wellington boot for day to day professional and agricultural applications
- Crotch strap + buckle
- SOLAS Reflective tapes: the suit is fitted with durable flexible reflective tapes in optimum positions, which assures visibility in all conditions
- Supplied in a durable fabric carrying bag

INTERIOR

- Neck seal: flocked 2.5mm super stretch neoprene. For easy donning, the flocked rubber surface is on the outside.
- Integrated suspenders and hanging loops for drying

AVAILABLE SIZES

- S - XXL

COLOUR

- 145 Orange/Black

CERTIFIED

- SOLAS : 2010
- EN ISO 15027-1 : 2012 Class D
